Protocol II
Insurance
Confirmation of Coverage Form Appendix II - Insurance Package

For compliance with protocol I-1, documentation that confirms that a current environmental insurance policy is in effect which provides a minimum of \$2 million of coverage limits, and a maximum deductible of \$50,000 per occurrence, with the policy being applicable to both off-site and on-site pollution events on a limited pollution form (sudden and accidental) with no sub-limits is required.

Starting April 2022 all facilities being audited will require a maximum deductible of **\$50,000** per occurrence. Prior to this date the maximum deductible was \$25,000.

For compliance, the auditor will require a Confirmation of Coverage form. No changes to the wording of the form are permitted. A copy of this form is attached.

The following summarizes the minimum insurance coverage that is required:

- (a) The policy must cover third party bodily injury, third party property damage and clean up costs arising from an on-site pollution event, and/or arising from the insured's liability for off-site bodily injury, property damage and clean up costs.
- (b) With respect to each loss, the minimum policy limit must be a combined \$2 million, covering both on-site and off-site pollution events inclusively.
- (c) The policy will be subject to an aggregate limit that stipulates the maximum that the policy will pay with respect to more than one loss occurrence during the policy year. The minimum aggregate limits are to be in accordance with the following table:

| | |
|-----------------------|--|
| One site | \$2 million per occurrence, and \$2 million in the aggregate |
| Two sites | \$2 million per occurrence, and \$4 million in the aggregate |
| Three sites (or more) | \$ 2million per occurrence, and \$5 million in the aggregate |

- (d) The policy must provide a "discovery period" of not less than 120 hours, (240 hours is preferred).
- (e) There are nuanced, editorial differences between the coverage wording of one environmental insurance policy and another, and the promulgation of a mandatory, invariable AWSA insurance wording is not practical at the present time. In general terms, the member's insurance policy should be representative of the prevailing underwriting wordings used by the principal environmental insurance underwriters in Canada and conform with AWSA minimum standards as described herein. AWSA reserves the right to audit any member's policy wording from time to time to ensure that it meets both our specific and generalized standards, and to require reasonable coverage amendments of the member if AWSA feels, at its sole discretion, that they are needed..
- (f) Members may apply to AWSA if they wish to self insure against environmental risk exposures. In order to be eligible to self insure, the applicant must be able to demonstrate that the corporation retains a minimum of \$5 million of retained earnings on its Balance Sheet, with the funds being represented by unstressed cash or cash equivalents. Either the latest audited Financial Report, or a letter certifying the existence of the retained earnings assets signed by a chartered accountant, must be forwarded to AWSA with the letter of application.

If permission to self insure is granted, the applicant will be required to re-file and re-certify this financial information annually.

While self insurance requests will not be unreasonably denied, AWSA nonetheless reserves the right to accept or reject such applications at its sole discretion and without further appeal.

For sites with Multiple locations, you will need to complete one insurance form for each location. A copy should be available for the auditor at time of the audit.

Updated April 2022

NOTE: NO CHANGES ARE PERMITTED TO THIS FORM. IF LIMITS OR DEDUCTIBLES DO NOT MEET THE SPECIFIED CRITERIA, PLEASE CONSULT INSTRUCTIONS ON THE BACK.

The Standard Confirmation of Coverage form is designed for use by facilities that have insurance meeting the required levels of coverage, limits and deductibles. Warehouse facilities require environmental coverage for a minimum of either (a) \$2 million for on site coverage and a separate \$2 million for off-site coverage, or (b) \$2 million for on site and off site coverage inclusively and combined.

This form must be completed fully and signed by an authorized insurance representative.

A separate form must be completed for each location for which insurance is required. In instances where the AWSA member operates two or more locations that are insured under the same insurance policy, the minimum limit of \$2 million must be certified with respect to each location, but an annual policy aggregate applicable to all locations is permissible. The aggregate limits must be in compliance with the following schedule:

| | | |
|------------------------------|-----------------|--|
| 1. One location | Minimum limits: | \$2 million per occurrence, \$2 million in the policy aggregate |
| 2. Two locations | Minimum limits: | \$2 million per occurrence \$4 million in the policy aggregate |
| 3. Three locations (or more) | Minimum limits | \$2 million per occurrence \$5 million in the policy aggregate |
